

Accommodations

We have a brand new camp house where we specialize in old-fashioned Southern hospitality and great country cooking to make your Alabama Whitetail Deer Hunt the best.

You will enjoy the relaxing atmosphere whether you are watching a great football game on satellite television or listening to the coyotes howl as you relax on the deck of the camp house.

Our Alabama Deer Hunt Camp House sleeps eight hunters very comfortably and has cypress outside and pine on the inside.

It features 2600 square feet, (heated and cooled) with 2 large bedrooms and a loft above the kitchen.

Our new Camp House has a deck on the front 14 by 30 with an incredible view on many acres of great Alabama whitetail deer hunting habitat.

Following your Alabama deer hunt, under the camphouse, there is a walk in cooler to age your deer the proper way. Connected to that is a cleaning room where we will cut the meat to your liking.

We are very excited about this new edition to Tatum Creek and we look forward to accommodating you to the experience of a life time.
